

The Pumpkin Lady[®]

Bottles of Boos

Instructions:

1. Begin with the center bottle, carefully carving out each tiny section between the letters of “Eyes of Flies.”
2. Next, carve out between the letters in the words, “Mice Lice.”
3. Carefully carve out between the letters of the first bottle, “Newt Juices.”
4. Now carve between the letters of the last bottle, “Hex Mix.”
5. Carve out the thin spaces between each bottle.
6. Finally, carve out the bottle background. **Tip: Do NOT carve this out as one large section or your bottles will break! Cut this area into several smaller pieces so it may all be removed more easily, without breaking your design.**
