

# Pumpkin Spiceder

# Pumpkin Spiceder

## Instructions

1. First, carve out the spider and top areas of the web.
2. Carve out the small sections through the middle.
3. Now carve the next set of small web sections to the right.
4. Carve out the smallest sections on the far right side.
5. Carve out another row of larger web sections in the middle.
6. Now carve the next larger section to the left of the last web areas.
7. Finally, carve the remaining web sections in the lower left corner.
