

Vinnie

Vinnie

Instructions

- 1. First, carve the nose, then poke out the highlights in Vinnie's eyes and each freckle.**
- 2. Carve each whisker and the line above his nose.**
- 3. Carefully carve the inside of each eye, then carve out the mouth area into several smaller sections to make this area easier to remove without breaking your main design.**
- 4. Now carve the chin and the inside of each ear.**
- 5. Finally, carve the line above each ear.**
